Commissioner for Patents

Sir:

In response to the "Notice to File Missing Parts of Nonprovisional Application filed under 37 CFR 1.53(b) - Filing Date Granted," mailed April 2, 2001, for the above application, Applicant respectfully submits herewith the Declaration for the above identified application properly executed by the inventors. Also enclosed please find an executed Assignment and PTO Form 1595.

The executed documents are being filed on Monday, June 4, 2001. Since the due date for filing these documents fell on a Saturday, the filing of the documents on June 4, 2001 is considered timely.

The Office's attention is directed to the signature of the inventor on the attached executed documents. The inventor correctly signed his name according to the name order used in his country with the family name being set forth first. Accordingly, the typed name of the inventor and the signature of the inventor do correspond with each other.

This is to advise that an inadvertent error was made in the inventor's name when the above-named application was filed. The inventor's name was incorrectly shown as "Shim" on the letter of transmittal dated February 15, 2001.

**The Declaration and Power of Attorney submitted herewith shows the correct spelling of the inventor's name as "SIM", who has correctly signed the accompanying Declaration. It is requested that the Office's records be corrected as indicated.**

Checks for the statutory fee of \$1,164.00 and Assignment recordation fee of \$40.00 are attached. Please also charge any underpayment or credit any overpayment to Deposit Account No. 19-4880. A duplicate copy of this paper is attached.

Respectfully submitted,
